- Pedagogical Education for Parents in Intercultural Environment
- Audiovisual and Information Technologies in Intercultural Education
- Educational Aspects of Children – Migrants Integration
- Identity in Intercultural Environment
- Intercultural Artistic Communication
- Social-Psychological Training for Intercultural Dialogue
- Practical Experience: Teacher training, Pedagogical practice , Pre-graduation Pedagogical Practice

MA Programme: Educational Sciences and Intercultural Education (in English)

Professional realization competences provided by the programme

- Expertise on the specific features of educational content within the curriculum of educational institutions in the context of intercultural competence;
- Practical skills for the implementation of pedagogical technologies in an intercultural educational environment;
- Skills for interaction with children – individual and group communication techniques.

The students who successfully complete this MA programme will receive a Master's degree diploma and obtain the professional qualification of “Master of education: educator in intercultural instruction and teacher in an intercultural educational environment”.

MA Programme: Educational Sciences and Intercultural Education (in English)

Terms of acceptance

The prospective candidates for this MA programme are expected to meet the following requirements:

1. They must have acquired a certificate / diploma for the level of their command of English which needs to equal the language level of specialized secondary language school graduates at the least.
2. They must hold a teaching degree from a Bachelor's or Master's degree programme or a post graduate qualification teaching certificate with a cumulative grade point average (GPA) not less than “good”.

The candidates are ranked and accepted on the basis of the cumulative grade point average (GPA) from their Bachelor's or Master's degree or their post graduate teaching qualification certificate.
